

# Clear Curtains

“Extending your inside area outside”

## Benefits of a clear curtain include:

- **Wind barrier:** offers protection from the wind
- **Rain cover:** provides shelter from the rain
- **A custom fit:** are custom designed to fit any area
- **Style options:** select a design to suit your situation
- **More space:** extends your indoor area
- **Enjoy being outside:** provides a feeling of sitting outside, when you're sitting inside
- **Preserve your view:** allows you to continue to enjoy your view outside - just like a window
- **Don't worry about the weather:** you can continue with your plans to enjoy being outdoors, no matter what the weather is doing.

## Other features include:

- 0.7mm thick clear PVC used
- The clear PVC is fire retardant
- 3 year warranty on the clear PVC
- Reinforcing is available in red, black, white, blue, yellow and green
- Clear PVC is welded, not sewn. This provides a stronger and neater finish.
